

# We can help you pass the Fundamentals of Engineering exam!

The Minnesota Society of Professional Engineers (MSPE) is sponsoring a review course to help you prepare for the Fundamentals of Engineering (FE) exam. Participate in the live course in Minneapolis-St. Paul, or log in to the live, Webinar-based course available to participants throughout the country. The course will be led by local Professional Engineers and will utilize textbooks from Professional Publications, Inc. (PPI), provider of the popular Lindeburg books.

- Course sessions are focused on the general morning and afternoon exams. Additional materials can be purchased from PPI that provide more in-depth study for the discipline-specific afternoon portions of the exam.
- The course includes 30 day access to PPI's Online Exam Café, providing you with over 2000 problems similar to those found on the FE exam.

This course comes with a guarantee\*! **If you don't pass the exam, we guarantee that you may attend a second review course FREE**, provided you attend at least 80% of the classes and complete at least 80% of the homework.

## Course Sessions Include:

- Mathematics (3 sessions)
- Mechanics of Materials
- Statics
- Dynamics
- Thermodynamics, Power Cycles and Heat Transfer
- Chemistry and Materials Science
- Electronics, Computers and Instrumentation
- AC and DC Electricity
- Fluids
- Engineering Economics
- Ethics/Biology
